Information regarding Art. 33 of the EC regulation no. 1907/2006 (REACH)

Dear customer,

On the 27.06.2018 additional 10 substances of very high concern (SVHC) have been added by the ECHA to the candidate list according to the article 59 of the EC regulation no. 1907/2006 (REACH).
Lead (CAS: 7439-92-1) is one of these 10 substances.

According to Art. 33 of REACH, please be informed that Lead (CAS: 7439-92-1) is contained in a concentration above 0.1 % weight by weight (w/w) in in the following battery models

Valve regulated lead acid batteries
Panasonic LC, UP and EC Series

you purchase from Panasonic Industry Europe GmbH.
For safe use please kindly refer to the attached safety data sheet.

Sincerely yours,

Panasonic Industry Europe GmbH
