More Energy Solutions

USB Power Adapter

Easily Connect and charge your mobile device using any AC power outlet!

AD318

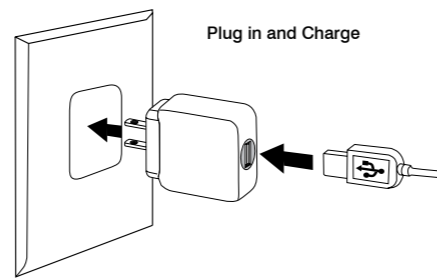

Main Features

- **Handy Power Source** Direct power source for mobile devices.
- **Use in over 150 Countries** Four (4) supplied plug suitable for North America, Europe, Australia, UK and other countries.
- **Short Circuit Protection** Damage to the charger and mobile device is prevented in case of a short circuit
- **Automatic Multi-voltage 100 to 240V AC/DC Switching** The unit automatically senses the voltage and charges up your unit.
- **LED indicator**
- **Low Profile Design** for easy storage

Specifications

Input: AC 100 - 240V~50/60Hz
USB Power Output: DC 5V = 1A

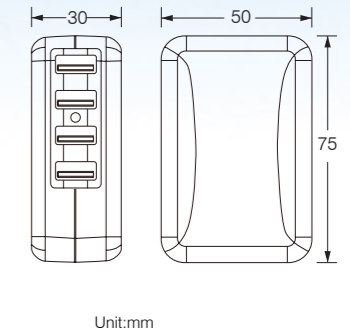

Directions

USB Power Adapter

Easily Connect, Power and charge up to 4 mobile devices using any AC power outlet!

AD618

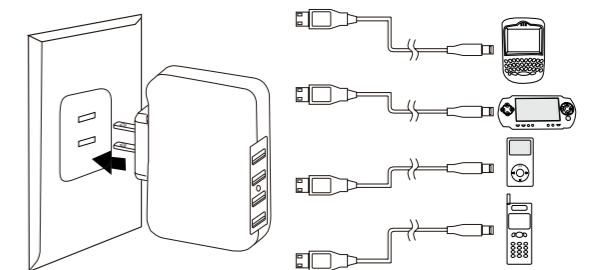

Main Features

- **Practical Power Source** Direct power source for mobile devices.
- **Short Circuit Protection** Damage to the charger and mobile device is prevented in case of a short circuit.
- **Automatic Multi-voltage 100 to 240V AC/DC Switching** The unit automatically senses the voltage and charges up your unit.
- **LED indicator**
- **Low Profile Design** for easy storage.
- **Use in over 150 Countries:** Four (4) different plugs are supplied suitable for North America, Europe, Australia, UK and other countries.

Specifications

Input: AC 100-240V~50/60Hz
USB Power Output:
5V = 2A using 1 USB, 5V = 1A using 2 USBs,
5V = 0.66A using 3 USBs, 5V = 0.5A using 4 USBs

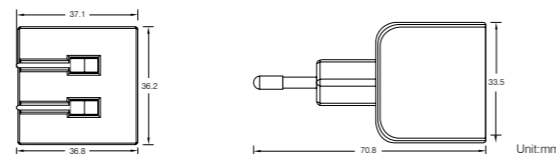

Directions

USB Power Adapter

AD518

Made for
iPod iPhone

Main Features

- **Convenient Power Source** 5V, 1A direct power source for iPhone® units, mobile phones, PSP®, Blackberry®, MP3/4, DV, PDA and other devices. Just plug it into your wall socket, power up and start to play.
- **Small and Compact** This unit is designed to be portable and ergonomic.
- **Short Circuit Protection** Damage to the charger and mobile device is prevented in case of a short circuit. In such cases the unit is not damaged and quickly recovers normal operation.
- **Over-current and Overheating Protection**
- **Global Use Options** Plug types are available depending on country requirements.
- **Automatic Multi-voltage** 100 to 240V AC/DC

Specifications

Input: AC 100-240V~50/60Hz
Output: DC 5V = 1A

Directions

Dual USB Power Adapter

Easily Charge 2 USB devices at the same time

AD718A

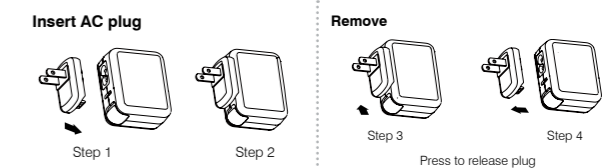

Main Features

- **2 USB Power Adapter**
- **4 Worldwide Input Plugs**
- **Automatic Multi-voltage 100 to 240V AC/DC**
- **Handy Power Source** direct power source for iPod, iPhone, iPad, Blackberry, mobile phones, PSP, MP3/4, DV, PDA and other devices. Just plug it in to your wall socket, power up and start to play.
- **Small and Compact** This unit is designed to be portable and ergonomic.
- **Short Circuit Protection** Damage to the charger and mobile device is prevented in case of a short circuit. In such cases the unit is not damaged and quickly recovers normal operation.

Specifications

Input: AC 100V ~ 240V, 50/60Hz 600mA max
Output: 5V = 2.1A (1x USB use)
5V = 1.0A (2x USB use)

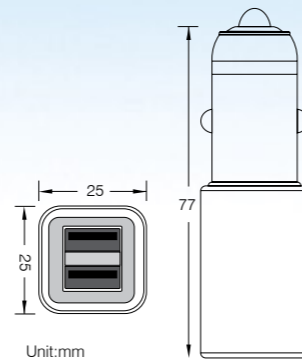

Directions

Dual USB Car Charger

Charge **2 USB** devices at the same time!

DD801

Main Features

- **Car Charger with Dual USB Port** Up to 5V, 2000mA direct power sources for iPad®, iPod® units, iPhone®, mobile phones, PSP®, Blackberry®, Digital cameras and other music players and devices. Just plug it in to your car cigarette or plug into electric socket, power up and start to play.
- **Short Circuit Protection** Damage to the charger and mobile device is prevented in case of a short circuit.

Specifications

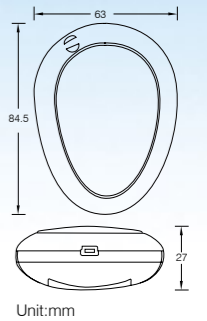

Input: DC12-24V
Output: DC5V \approx 2A using 1USB port
 DC5V \approx 1A using 2USB ports

Directions

Hand Warmer & Power Pod

PS609

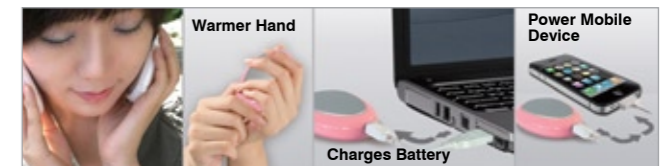

Main Features

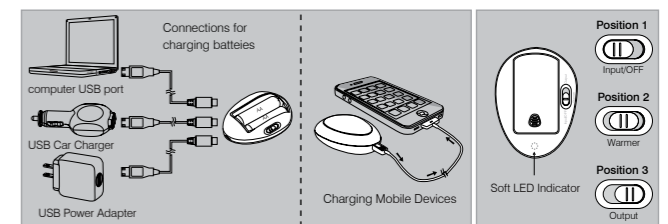

- **Hand Warmer** Only 20 seconds to warm up to 50°C (122°F). Provides up to 3 hours of toasty, warm heat on cold days.
- **Power Station** for IPOD, PSP, MP3, MP4, DV, PDA Whenever your device is low on power just connect it to the power pod and charge up for continue use. Afterwards, you can disconnect to save energy and when you need it again, just plug-in and play. Use single use or rechargeable batteries for flexibility.
- **Battery Charger for 2 AA Ni-MH/Ni-Cd Batteries** with an output of 5.0V/500mA
- **Ergonomic and practical:** Comfortable to hold, light and durable. Take it with you for emergencies, travel, work, camping and other activities.
- **Mini-USB Connector and Other Tip Options** Supports many devices.
- **Over-discharge Protection & Charging Cut-off Timer** (8 hours)

Specifications

LED indicator	Charger (Switch Position 1)	Hand Warmer (Switch Position 2)	Power Station (Switch Position 3)
Red LED	ON-Charging	OFF-needs recharging	/
Red LED flashing	/	Normal Operation	/
Green LED	ON-Fully charged	/	OFF-needs recharging
Green LED Flashing	/	/	Normal Operation

Directions

USB Mini Car Charger

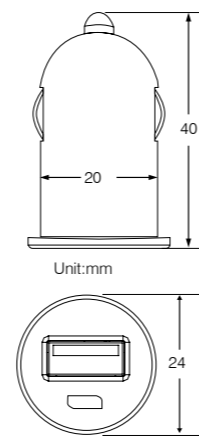

Charges **Most USB** devices!

DD802

Made for iPod iPhone

Mfi produc plan #102601-0009

Main Features

- **Car Charger with USB Port** 5V, 1000mA direct power source for iPod® units, iPhone®, mobile phones, PSP®, Blackberry®, digital cameras and other music players and devices. Just plug it in to your car cigarette or plug into electric socket, power up and start to play.
- **Small and Portable** The device is smaller than standard car chargers and can be carried easily.
- **Short Circuit Protection** Damage to the charger and mobile device is prevented in case of a short circuit

Specifications

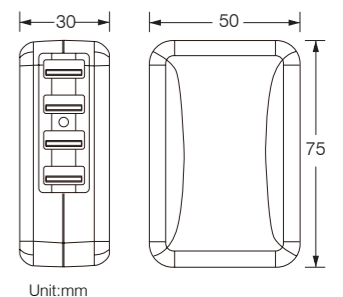

Input: DC12 - 24V
Output: DC5.0V \approx 1A

Directions

USB Power Station

PS918

Main Features

- **Power Station for Emergencies** Once the internal 1500mAh battery is charged use it to charge up or power your device (Output 5V/700mA).
- **USB Power Adapter** that gives you socket plug in power almost anywhere in the world. Just plug into your AC socket and the USB output is 5V/1000mA (max).
- **4 World Use Input Plugs** to conveniently fit travel or business trips.
- **Optional DC Connectors and Cables** to support Cell Phones, iPhone, PSP, MP3, MP4, DV, PDA and other devices.
- **Long Talk Time** lasts about 30-120 minutes after charging. Over 48 hour stand-by time.
- **Over-discharge Protection** All LEDs turn off when the battery needs to be charged, or is in an over-discharge state.
- **Graded LED Indicator** to indicate internal battery charge status.

Specifications

Input: AC100V ~240V, 50/60Hz
Output: (AC Powered) Output 5.0V \approx 1A
 Internal Battery Output: 5.0V \approx 700mA

Directions
