

EC-FV1238

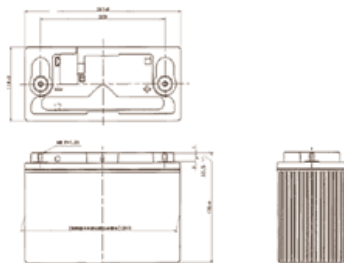

specification		
Nominal voltage	12V	
Nominal capacity	38Ah	
Dimensions	Length	261mm
	Width	116mm
	Height	175mm
Weight	About14kg	

Specific charger specification is available. Do not charge with other procedure. Please ask the charger specification.

Characteristics		
Capacity 25°C	1/3C(12.7A)	35Ah
	1C(38A)	30Ah
	3C(115A)	23Ah
Internal resistance	At full charge	About4.5mΩ
Temperature dependence on capacity(1/3C)	45°C	105%
	25°C	100%
	0°C	87%
Self-discharge 25°C	Remain capacity after 3month storage	91%

The characteristics are not guaranteed value. Ask us for the battery life
