

Camelion® Battery Chargers

BC-1013 BC-1014

What: These new Camelion fast chargers are compact units that charge NiMH/NiCd AA and AAA batteries. Features include an audible alert when charging is completed and a multi-band LED to easily track charging progress.

Main Features

Key Features	BC-1013	BC-1014
Charges 1 or 2 pairs of AA/AAA Ni-MH/Ni-Cd Batteries	●	●
Beeeps when charge complete		●
Multi-band LED Monitor	●	
Low battery leakage current to hold charge longer	●	●
AA/AAA Reverse Polarity Protection	●	●
Timer Control		●
Over Temperature Protection		●
0 Voltage Jumpstart*	●	●
